Further study material is provided at the end of each Module for further engaging with the topic in discussion.

BIM Certification

Openbadges.me

Recognized CPD Certificates and Digital Badges, showcasing your skills, achievements, and commitment to professional growth.

CPD Certificates

BIM Design Hub is a member of the CPD Certification Service in the UK.

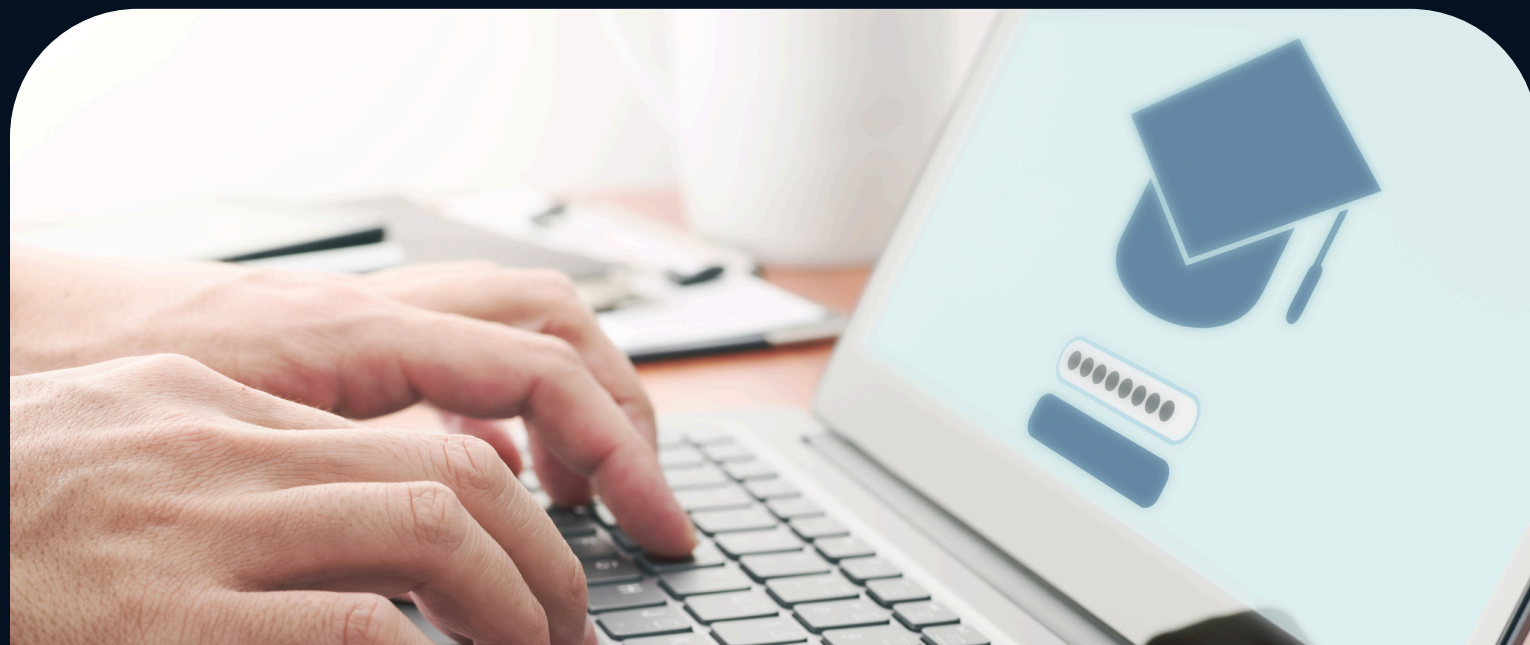

Upon successful completion of our courses, you will receive an internationally recognized CPD certificate that demonstrates your commitment to professional development in the AEC sector.

Digital Badges

BIM Design Hub has partnered with Openbadges.me to provide digital badges that showcase your skills and achievements in BM information management.

Each badge can be easily shared via a unique link and includes metadata outlining your accomplishment and the criteria for earning it.

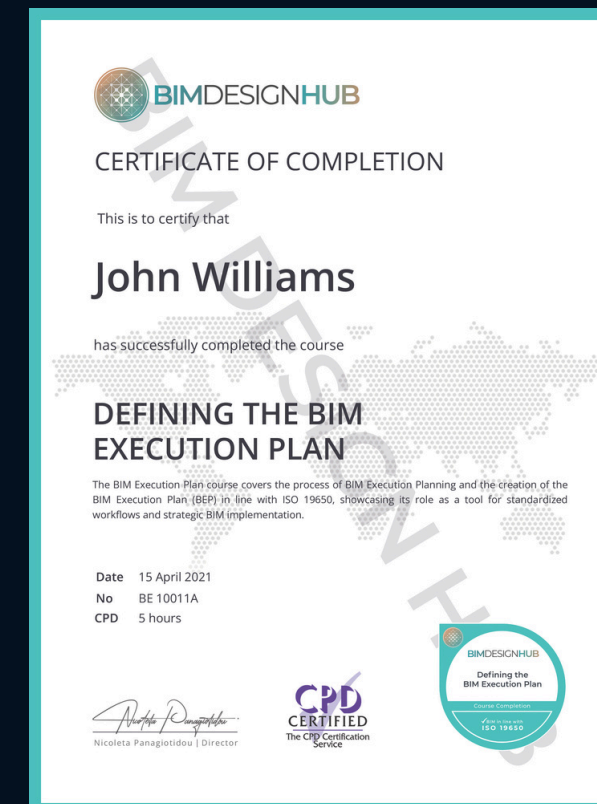

CPD Certificates

✓ CPD Benefits:

- ▶ Validate skills and knowledge with a formal recognition of your achievements.
- ▶ Demonstrate dedication to continuous learning and self-improvement.
- ▶ Improve career opportunities, stand out by showcasing your knowledge and skills.

Digital Badges

Openbadges.me

Digital Badges Benefits:

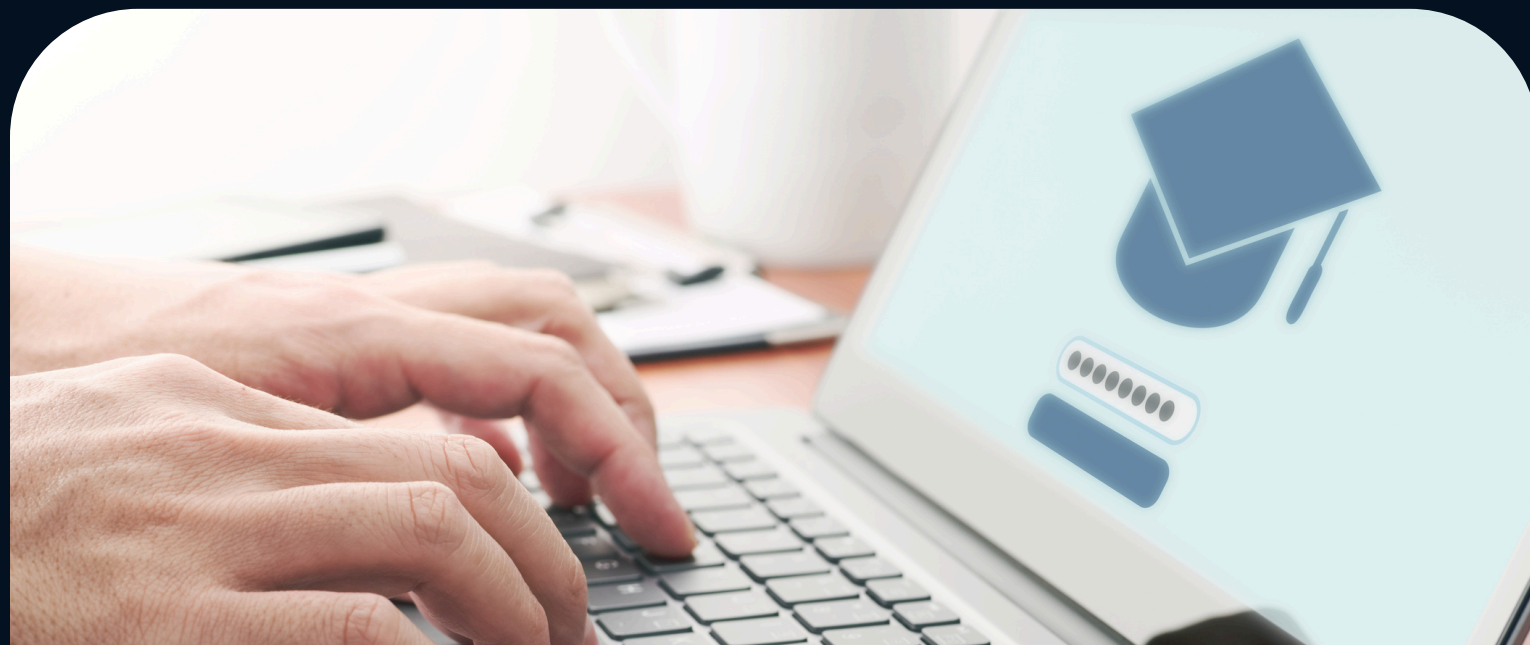

- ▶ Earn formal recognition of your skills, highlighting your dedication and hard work.
- ▶ Share your badges on social media, LinkedIn, or your resume to enhance visibility.
- ▶ Verify your credentials with badges showcasing your skills to peers and employers.
